

Assignment#3

Student name: Kravchenko Marina

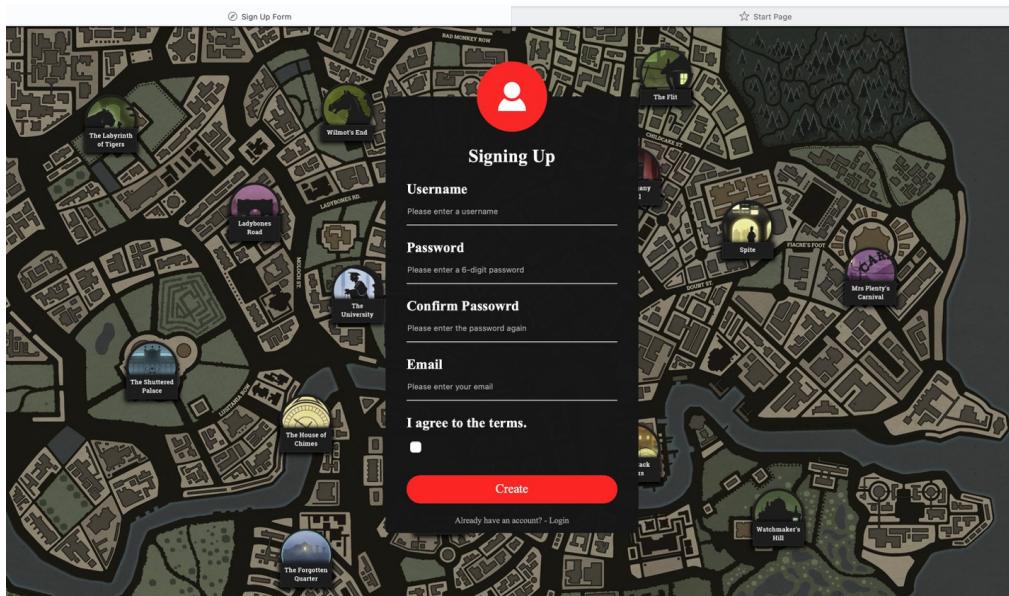

(E-mail Address): marinaekravchenko@gmail.com

Student ID: **23012857**

Due date: **4th April, 9:00pm (Thursday)**

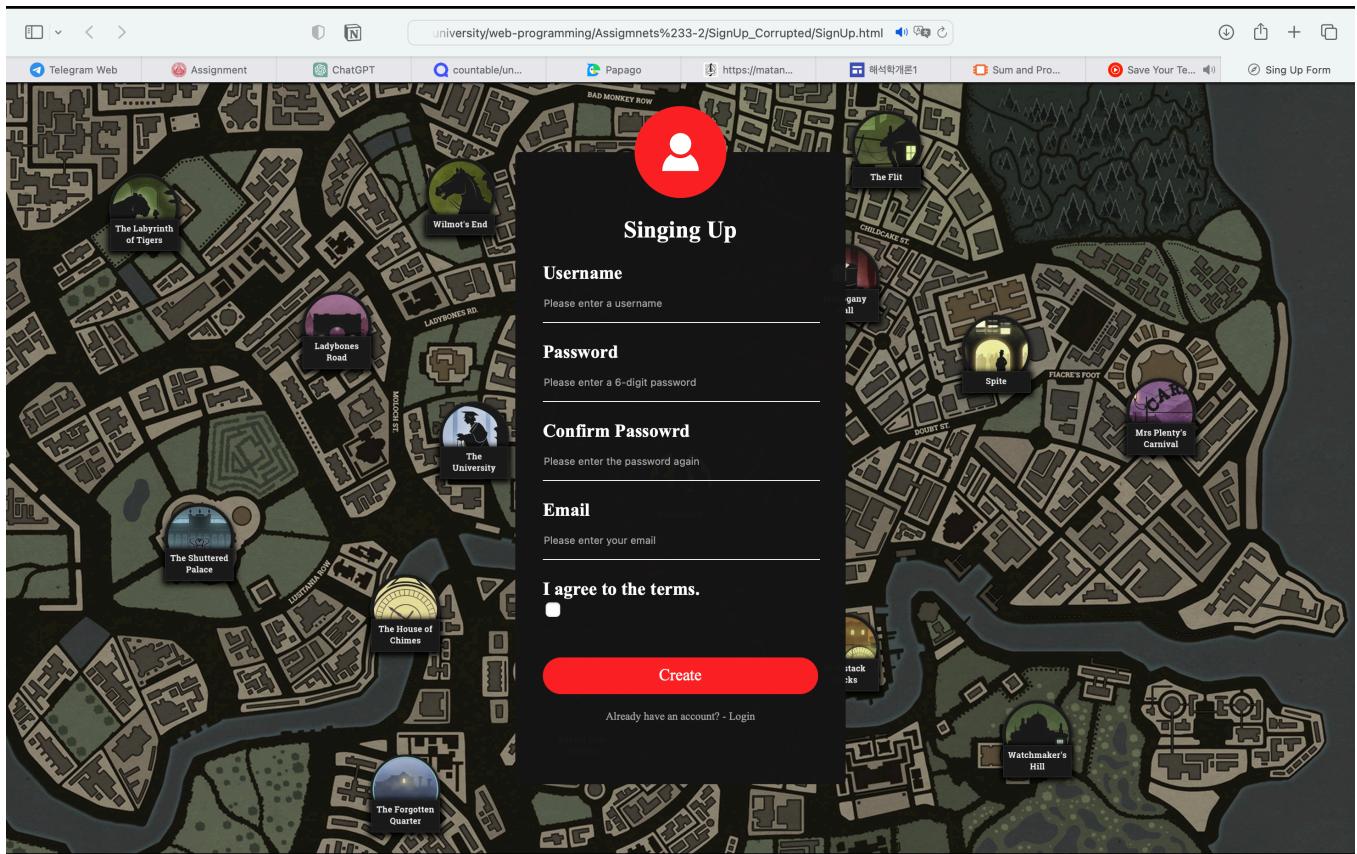

There is a corrupted file attached to the assignment.

The file is a sign-up form. You are supposed to correct the file in terms of handling errors, adding html elements, or modifying existing elements, so that it looks like the image below.

Solution and comments:

As it was said that we can only edit the HTML file, I edited the HTML file and achieved an output as similar as possible. However, in my opinion, to get the same output as in the picture, we would also have to edit the CSS file or add a `<style>` section at the beginning of the HTML to modify it. In my solution, I tried to avoid editing CSS components (I edited only position of main background photo using `<style>` in the beginning of HTML) and this is the output I got:

My html code:

```

1  <!DOCTYPE html>
2  <html lang="en">
3  <head>
4      <meta charset="UTF-8">
5      <meta http-equiv="X-UA-Compatible" content="IE=edge">
6      <meta name="viewport" content="width=device-width, initial-scale=1.0">
7      <title>Sing Up Form</title> <!--change 0, correct the label-->
8      <link rel="stylesheet" href="SignUpStyle.css">
9      <style>
10     body {
11         background-attachment: fixed; /* This makes the background fixed like on the expeted output*/
12     }
13     </style>
14 </head>
15 <body>
16     <div class="signupbox">
17          <!--change 1, correct path to images-->
18         <h1>Singing Up</h1> <!-- change 2, change text, instead of p it is heading h1-->
19         <form action="">
20             <!--below i did so many changes, so i will not comment them 1 by 1-->
21             <label for="username">Username</label>
22             <input type="text" name="username" id="username" placeholder="Please enter a username">
23
24             <label for="password1">Password</label>
25             <input type="password" name="password1" id="password1" placeholder="Please enter a 6-digit password">
26
27             <label for="password2">Confirm Passowrd</label>
28             <input type="password" name="password2" id="password2" placeholder="Please enter the password again">
29
30             <label for="email">Email</label>
31             <input type="email" name="password" id="password" placeholder="Please enter your email">
32
33             <label for="terms">I agree to the terms.</label>
34             <input type="checkbox" name="terms" id="terms">
35
36             <input type="submit" name="submit" value="Create" />
37
38             <br />
39             <a href="login.html">Already have an account? - Login</a>
40
41         </form>
42
43     </div>
44 </body>
45 </html>
```
